In response to the Restriction Requirement, the Applicant hereby elects claim 53 for examination on the merits. The Applicant requests that the Examiner rejoin all non-elected claims if claim 53 is found to be patentable, or to state that non-rejoined claims constitute separate inventions so that the claims of future filed divisional patent applications containing such non-elected claims will not be subject to a double patenting rejection based on this application or a patent grant issued from this application.

The Commissioner is hereby authorized to charge payment of any fees associated with this communication to Deposit Account No. 19-2090.

Respectfully submitted,
